1. Test Case ID: TC001:

- **Test Case Description:** Validate car listing page
- **Test Steps:** Open All categories page> All Data fetched accurately
- **Expected Result:** Cars displayed correctly
- **Actual Result:** Cars displayed correctly
- **Status:** Passed
- **Severity Level:** High
- **Assigned To:** -
- **Remarks:** No issues found

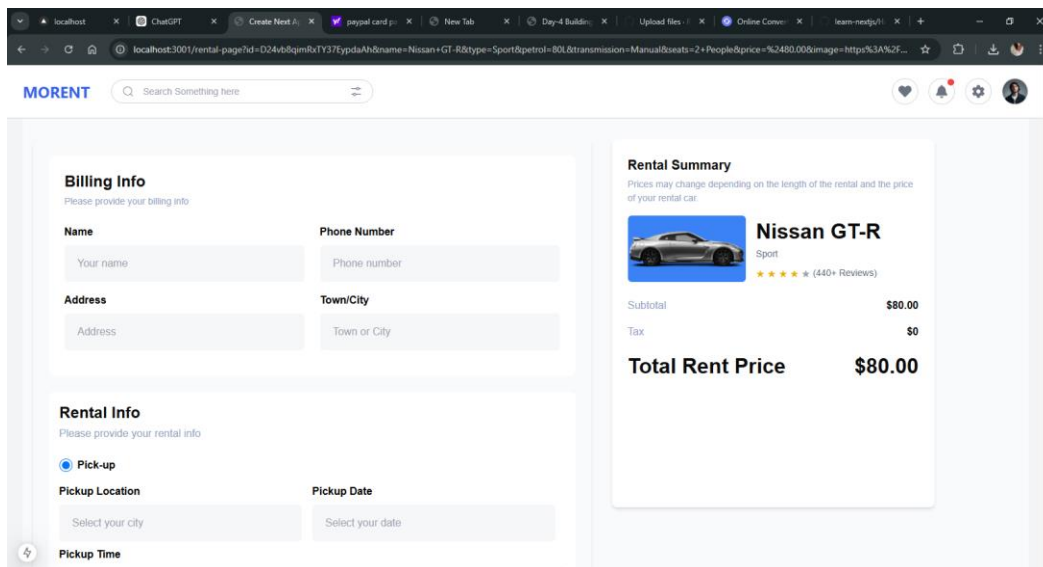

2. Test Case ID: TC002:

- **Test Case Description:** Test API error handling
- **Test Steps:** Disconnect API > Refresh page
- **Expected Result:** Show fallback UI with error message
- **Actual Result:** Error message shown
- **Status:** Passed
- **Severity Level:** Medium
- **Assigned To:** -
- **Remarks:** Handled Successfully.

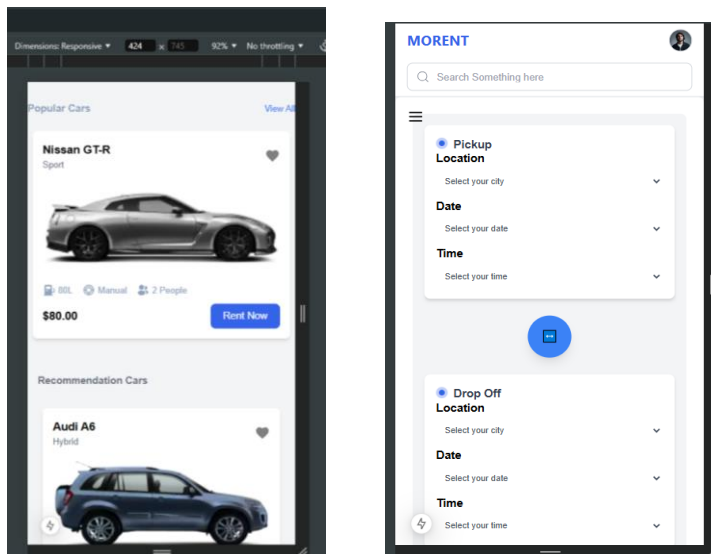

3. Test Case ID: TC003:

- **Test Case Description:** Check Rent Now button functionality
- **Test Steps:** Click on Rent now button > Verify car content
- **Expected Result:** Show the content of selected car
- **Actual Result:** Content shown as expected
- **Status:** Passed
- **Severity Level:** High
- **Assigned To:** -
- **Remarks:** Works as expected

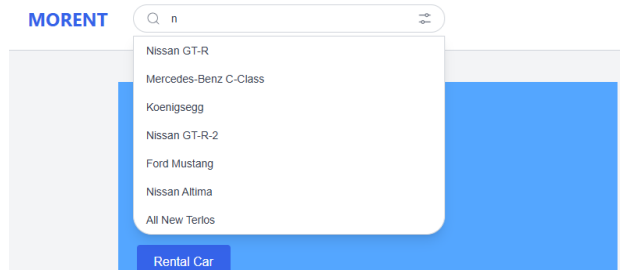

4. Test Case ID: TC004:

- **Test Case Description:** Ensure responsiveness on mobile
- **Test Steps:** Resize browser window > Check layout
- **Expected Result:** Layout adjusts properly to screen size
- **Actual Result:** Responsive layout working as intended but not work properly on one page
- **Status:** Passed
- **Severity Level:** Medium
- **Assigned To:** -
- **Remarks:** Test successful

5. Test Case ID: TC005:

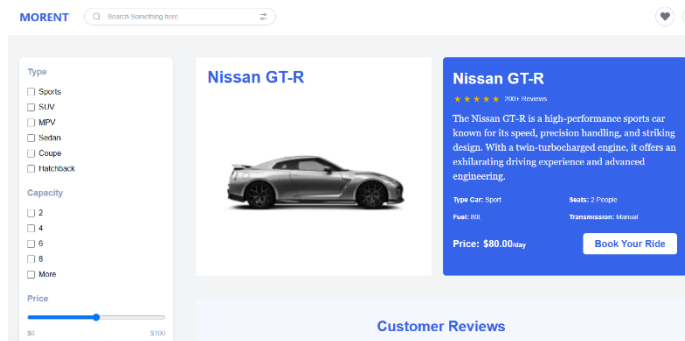

- **Test Case Description:** Validate search bar
- **Test Steps:** write car name> search for a car
- **Expected Result:** Show car's detail page and show no car available if searched call is not available.
- **Actual Result:** Shown detail's page and message as expected
- **Status:** Passed
- **Severity Level:** High
- **Assigned To:** -
- **Remarks:** No issues found

6. Test Case ID: TC006:

- **Test Case Description:** Validate dynamic details page
- **Test Steps:** Click on different car> Verify car's detail page
- **Expected Result:** Show the details of selected car
- **Actual Result:** Shown as expected
- **Status:** Passed
- **Severity Level:** High **Assigned To:** -
- **Remarks:** No issues found

Test

Case ID: TC007:

Case Description:

- Test

Validate checkout form

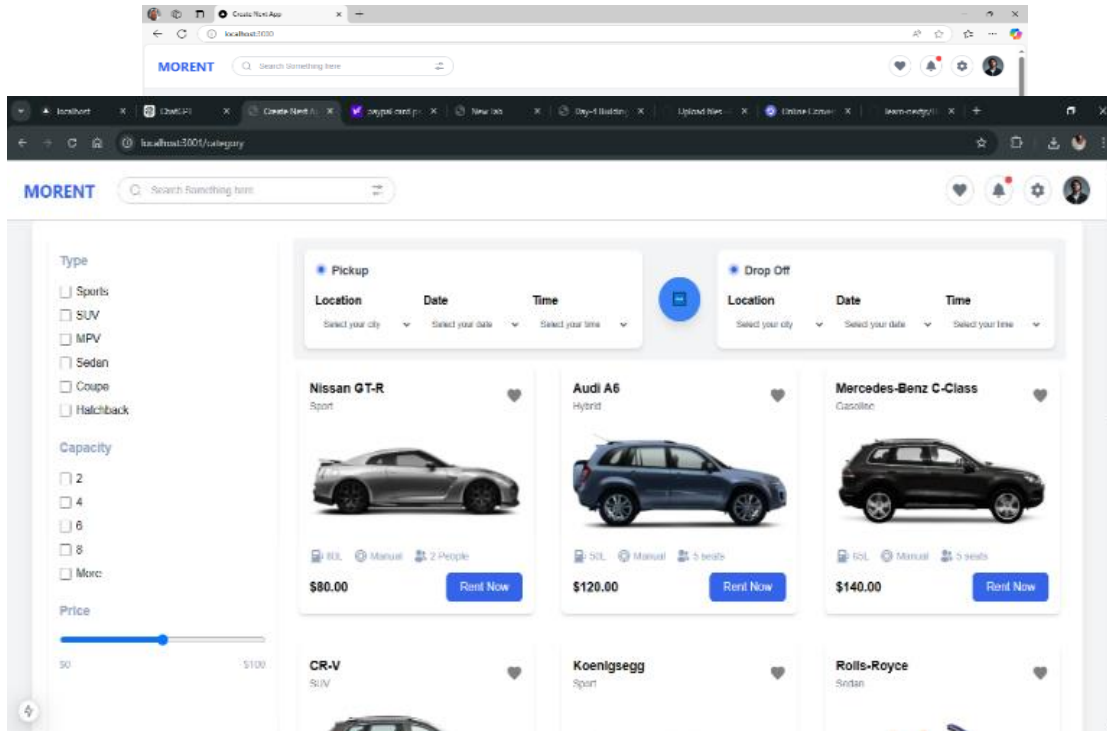

- **Test Steps:** Fill the form> wait to fill all the fields> Rent now
 - **Expected Result:** Wait for the form to be filled completely and then enable Rent now button
 - **Actual Result:** Worked properly for all fields except credit card option
-
- **Status:** Failed
 - **Severity Level:** Low
 - **Assigned To:** -
 - **Remarks:** Facing error in Credit card fields

The image displays three sequential screenshots of the MORENT website's rental booking interface. The first screenshot shows the 'Billing Info' section with fields for Name, Phone Number, Address, and Town/City, and the 'Rental Info' section with fields for Pickup Location, Pickup Date, and Pickup Time. The second screenshot shows the 'Drop-Off' section with fields for Dropoff Location, Dropoff Date, and Dropoff Time, and the 'Payment Info' section with fields for Card Number, Expiration Date, Card Holder, and CVC. The third screenshot shows the 'Card Holder' and 'CVC' fields, a 'Confirmation' section with a 'Rent Now' button, and a 'Confirmation' section with a 'Rent Now' button.

8. Test Case ID: TC008:

- **Test Case Description:** Cross Browsing
- **Test Steps:** Open our website on different browser
- **Expected Result:** Working correctly on every browser
- **Actual Result:** Working correctly
- **Status:** Passes
- **Severity Level:** Medium
- **Assigned To:** -
- **Remarks:** Works as expected
